

## EMERGENCIES

If you feel you have an emergency during our normal business hours, the best thing to do is call us at (401) 624-6624.

We can help you decide if it is better for you and your pet for us to see you or to send you to a Veterinary Emergency facility.

For thirty years most emergencies in our extended area were seen at Sakonnet Veterinary Hospital, as we covered emergencies for many surrounding veterinary hospitals. With the arrival of emergency facilities in our area, we no longer provide after-hour emergency care.

If we treat your emergency during our regular business hours you will probably find our services to be more cost effective than the emergency facilities. Some cases, however, are best treated in emergency facilities no matter the time of day.

If you feel you have an emergency after our normal business hours, it may still be best to call us at (401) 624-6624. Our answering message will direct you to either of two regional Veterinary Emergency facilities:

### EITHER

Mass-Ri Veterinary E R , Inc  
477 Milford Road  
Swansea, MA 02777-4513 [map](#)  
Phone: (508) 730-1112
